Hold Me Close [E, 72 bpm]

[Default Arrangement] by Matthew McGinley

```
INTRO:
C#m | A | E/G# | B

VERSE 1
C#m             A
  You set the bar
                        E
I couldn't measure up
                              B
But your grace is where I am
                        C#m
And it lifts me to the mark

VERSE 2
C#m                 A
  When I chase lesser loves
                E
You remind my soul
                        B
And You whisper to my heart
                  C#m
You pull me in close

PRE-CHORUS 1
C#m                       A
  You're the only one who sees me
                            E/G#
You're the only one who knows me
                  B
And you're not disappointed

CHORUS
E/G#    A       B
  So I lean on back
          C#m           E/G#
And just rest In Your arms
A           B
Here in this moment
E/G#  A         B
  You hold me close
        C#m         E/G#
And you won't let go
A       B
Now and forever

VERSE 3
C#m                     A
  When I can't see your face
                        E
And I don't see your hand
```

```
                            B
I'll believe in what you say
                                C#m
You never leave me where I am

PRE-CHORUS 2
C#m                          A
   You're the only one who sees me
                            E/G#
You're the only one who knows me
                B
And you never walk away

BRIDGE
A          B
My one delight
            C#m
My greatest joy
                B
Is loving my father
A          B
No other love
            C#m
Can make me whole
                     B
Like the love of my father
```
