

Just Getting Started [Lyrics, 70 bpm, 4/4]

[Default Arrangement] by Matthew McGinley

VERSE 1:

Your Spirit is life
Your Spirit is life
When hell tries to lie
And cloud out the light
I know you see right through to me
Your spirit is life

VERSE 2:

Your Spirit is peace
Your Spirit is peace
In all of the noise
When life mutes your voice
I hear you speak right through to me
Your spirit is peace

CHORUS:

Over fear and over pain
Lord over all anxiety
Over doubt and over Shame
God of my every victory
When I say it can't be done
That's where your hand starts moving
When I think it's too far gone
That's where you're just getting started
You're getting started

VERSE 3:

Your Spirit is hope
Your Spirit is hope
When I've lost control
At the end of my rope
I'll let you break right through to me
Your spirit is hope

BRIDGE:

When I'm at my end
That's where your road begins
When I'm at my worst
That's where your light breaks in
When I see a mountain you see a floor
When I see no way out you see a door
So I trust in you
I trust in you
