

# Miracles [Lyrics, 72 bpm, 4/4]

[Default Arrangement] by Matthew McGinley

## INTRO :

### VERSE 1

For the hands that hold the universe  
What's a stone or what's a mountain?  
To our God the King the infinite  
Any weight feels like it's nothing

### CHORUS

For we know You can do the greater things  
We believe we will see the mountains moved  
To our God nothing is impossible  
We will see miracles  
You're still doing miracles

### VERSE 2

For the light that overcame dark  
There's not a shadow he can't break through  
For the God who took down sin and death  
There's not a soul that he can't get to

### CHORUS 2

For we know You can do the greater things  
We believe we will see the mountains moved  
To our God nothing is impossible  
We will see miracles  
You're still doing miracles

### BRIDGE

If he opened blind eyes, he can unlock any door  
If he pushed the stone away he can knock down any wall  
If he made the lame walk then the broken will hope again  
We will see miracles  
He's still doing miracles

### VERSE 3

To the one who raised the dead to life  
what's another revival?  
If our God can hang the stars in the sky  
Can't He light up this whole city?

### CHORUS

For we know You can do the greater things  
We believe we will see the mountains moved  
To our God nothing is impossible  
We will see miracles  
You're still doing miracles

### BRIDGE 2

If he opened blind eyes, he can unlock any door  
If he pushed the stone away he can knock down any wall  
If he made the lame walk then the broken will hope again

## Miracles -

We will see miracles  
He's still doing miracles

If he made the demons flee, he can bring the sinner home  
If he made the waves obey he can silence any storm  
If he made the mute talk then the weary will sing again  
We will see miracles  
He's still doing miracles
